1. PRODUCT & COMPANY IDENTIFICATION

1.1 Product Name: BRAZILIAN BLOWOUT® BBX PROFESSIONAL EXPRESS SOLUTION

1.2 Chemical Name: NA

1.3 Synonyms: NA

1.4 Trade Names: Brazilian Blowout® BBX Professional Express Solution

1.5 Product Uses & Restrictions: Professional Use Only

1.6 Distributor’s Name: Brazilian Professionals, LLC.

1.7 Distributor’s Address: 28001 Dorothy Drive, Agoura Hills, CA 91301 USA

1.8 Emergency Phone: CHEMTREC: +1 (703) 527-3887 / +1 (800) 424-9300 (CCN 10069)

1.9 Business Phone / Fax: +1 (877) 779-7706 / +1 (818) 623-2309

2. HAZARDS IDENTIFICATION

2.1 Hazard Identification: This product is classified as a HAZARDOUS SUBSTANCE but NOT as DANGEROUS GOODS according to the classification criteria of NOHSC: 1088 (2004) and ADG Code (Australia).

DANGER! HARMFUL IF SWALLOWED. CAUSES SKIN IRRITATION. MAY CAUSE AN ALLERGIC SKIN REACTION. CAUSES SERIOUS EYE DAMAGE. MAY CAUSE RESPIRATORY IRRITATION. SUSPECTED OF CAUSING CANCER.

Classification: Acute Tox. Oral 4; Skin Irrit. 1B; Skin Sens. 1; Eye Dam. 1; STOT SE 3; Carc. 2

Precautionary Statements (P): P201 – Obtain special instructions before use. P202 – Do not handle until all safety precautions have been read and understood. P261 – Avoid breathing fume/gas/mist/vapor. P264 – Wash with soap and water thoroughly after handling. P270 – Do not eat, drink or smoke when using this product. P272 – Contaminated work clothing should not be allowed out of the workplace. P280 – Wear protective gloves/protective clothing/eye protection. P301+P312 - IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. P330 - Rinse mouth. P302+P352 - IF ON SKIN: Wash with plenty of soap and water. P332+P313 - If skin irritation occurs: Get medical advice/attention. P362+P364 - Take off contaminated clothing and wash before reuse. P321 – Specific treatment see this container label or SDS. P310 - Immediately call a POISON CENTER or doctor/physician. P312 - Call a POISON CENTER or doctor/physician if you feel unwell. P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P403+P233 - Store in a well-ventilated place. Contamined work clothing should not be allowed out of the workplace. P405 – Store locked up. P501 – Dispose of contents/container to a licensed treatment, storage or disposal facility (TSDF). For external use only. Use only as directed.

2.3 Other Warnings: KEEP OUT OF REACH OF CHILDREN. For professional use only. If medical advice is needed, have product container or label at hand.

* Formaldehyde, when dissolved in water forms a diol called methylene glycol or methane-diol, which has a different CAS number (463-57-0). Formaldehyde gas and the methylene glycol solution exist in a dynamic and reversible equilibrium, and therefore, the aqueous solution is capable of releasing formaldehyde gas [Winkelman et al. 2002; Oregon OSHA 2010a; Consumer Federation of America 2011]. An Oregon OSHA report concluded that for the purposes of worker protection it is appropriate to refer to both the hydrated and the non-hydrated formaldehyde as formaldehyde [Oregon OSHA 2010a]. In addition, the OSHA formaldehyde standard applies to all occupational exposures to formaldehyde (i.e., formaldehyde gas) its solutions, and other materials that release formaldehyde [29 CFR 1910.1048].

Methylene glycol produces gaseous formaldehyde under the intended conditions of use in hair straightening products due to the application of heat by straightening irons. The hydrated and the non-hydrated formaldehyde as formaldehyde (Oregon OSHA 2010a). In addition, the OSHA formaldehyde standard applies to all occupational exposures to formaldehyde (i.e., formaldehyde gas) its solutions, and other materials that release formaldehyde (29 CFR 1910.1048).

4. FIRST AID MEASURES

4.1 First Aid:

**Ingestion:** If ingested, do not induce vomiting. If product has been swallowed, drink plenty of water or milk IMMEDIATELY. If the patient is vomiting, continue to offer water or milk. Never give water or milk to an unconscious person. Contact the nearest Poison Control Center or local emergency number. Provide an estimate of the time at which the material was ingested and the amount of the substance that was swallowed.

**Eyes:** Splashes are not likely; however, if product gets in the eyes, flush with copious amounts of lukewarm water for at least 15 minutes. If irritation occurs, contact a physician.

**Skin:** If irritation occurs and product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with soap and water. If irritation, redness or swelling persists, contact a physician immediately.

**Inhalation:** Remove victim to fresh air at once.

4.2 Effects of Exposure:

**Ingestion:** If product is swallowed, may cause nausea, vomiting and/or diarrhea.

**Eyes:** Moderately irritating to the eyes. Symptoms of overexposure may include redness, itching, irritation and watering.

**Skin:** May be irritating to skin. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) in some sensitive individuals.

**Inhalation:** Not expected to be irritating to the respiratory system.

4.3 Symptoms of Overexposure:

Overexposure in eyes may cause redness, itching and watering. Symptoms of skin overexposure may include redness, itching, and irritation of affected areas. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) in some sensitive individuals.

4.4 Acute Health Effects:

Moderate irritation to eyes. Not expected to be irritating, sensitizing when used as intended. If irritation occurs following intended or prolonged contact it is expected to be mild and transient.

4.5 Chronic Health Effects:

No harmful or chronic health effects are expected to occur from a single accidental ingestion.

4.6 Target Organs:

Eyes, Skin

4.7 Medical Conditions Aggravated by Exposure:

Pre-existing dermatitis, other skin conditions, and disorders of the target organs (eyes and skin).

**SAFETY DATA SHEET**

Prepared to OSHA, ACC, ANSI, NOHSC, WHMIS, 2001/58 & 1272/2008/EC Standards SDS Revision: 1.1 SDS Revision Date: 7/23/2018
8.6 Body Protection: However, no special body protection is required under typical circumstances of use and handling.

8.5 Hand Protection:

8.4 Eye Protection:

8.3 Respiratory Protection: No special respiratory protection is required under typical circumstances of use or handling. In instances where vapors or sprays of this product are generated, and respiratory protection is needed, use only protection authorized by 29 CFR §1910.134, applicable U.S. State regulations, or the Canadian CAS Standard Z94.4-93 and applicable standards of Canadian Provinces.

8.2 Ventilation & Engineering

8.1 Exposure Limits:

5.4 Fire & Explosion Hazards: Will not burn, but high heat, may release formaldehyde gas which will increase the health hazards. As a result of combustion and thermal decomposition, oxidation products may form and exposure to such products may result in health and additional fire hazards.

5.3 Firefighting Procedures: As in any fire, wear MSHA/NIOSH approved self-contained breathing apparatus (pressure-demand) and full protective gear. Keep containers cool until well after the fire is out. Use water spray to cool fire-exposed surfaces and to protect personnel. Prevent runoff from fire control or dilution from entering sewers, drains, drinking water supply, or any natural waterway. Firefighters must use full bunker gear including NIOSH-approved positive pressure self-contained breathing apparatus to protect against potential hazardous decomposition products.

5.2 Extinguishing Methods: Water Fog, Foam, Dry Chemical, CO₂. Flood with water and use water spray to cool fire-exposed containers and structures.

5.1 Fire & Explosion Hazards:

8.3 Fire & Explosion Hazards:

8.2 Ventilation & Engineering Controls:

8.1 Exposure Limits:

7. HANDLING & STORAGE INFORMATION

7.3 Special Precautions: Spilled material may present a slipping hazard if left unattended. Clean all spills promptly. Do not store metal utensils inside containers of product.

7.2 Storage & Handling: Use and store in a cool, dry, well-ventilated location (e.g., local exhaust ventilation, fans) away from heat and direct sunlight. Avoid temperatures above 120 °F. Keep away from incompatible substances. Protect containers from physical damage. To avoid unintentional spraying keep cap in place when not in use.

7.1 Work & Hygiene Practices: Do not eat, drink or smoke when handling this product. Wash thoroughly after handling. Avoid contact with flammable or combustible materials. Avoid contamination from any source, including metals, dust and organic materials. Keep bulk materials covered. Use chemical goggles if eye contact is possible. Wash unintentional residues with soap and warm water.

6. ACCIDENTAL RELEASE MEASURES

6.2 Containment of Spills:

6.1 Spills: Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment. For small spills (e.g., < 1 gallon (3.8 L)) wear appropriate personal protective equipment (e.g., goggles, gloves). Maximize ventilation (open doors and windows) and secure all sources of ignition. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reuse. For large spills (e.g., ≥ 1 gallon (3.8 L)), deny entry to all unprotected individuals. Dike and contain spill with inert material (e.g., sand or earth). Use ONLY non-sparking tools for recovery and cleanup. Transfer liquid to containers for recovery or disposal and solid diking material to separate containers for proper disposal. Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

5. FIREFIGHTING MEASURES

9.17 Other Information: NA

10. STABILITY & REACTIVITY

10.1 Stability: This product is stable when stored in a cool dry location out of direct sunlight and away from other sources of heat.
10.2 Hazardous Decomposition Products: Oxides of carbon (CO, CO₂) and sulfur (SO₂) and formaldehyde gas.
10.3 Hazardous Polymerization: Will not occur.
10.4 Conditions to Avoid: Open flames, sparks and high heat direct sunlight and close proximity to incompatible substances.
10.5 Incompatible Substances: High temperatures, sources of heat and direct sunlight.

11. TOXICOLOGICAL INFORMATION

11.1 Routes of Entry: Inhalation: YES Absorption: YES Ingestion: YES
11.2 Toxicity Data: This product has not been tested on animals to obtain toxicological data. There are toxicity data for the components of this product, which are found in the scientific literature. This data has not been presented in this document. Specific ingredient information:
Methylene Glycol (as Formaldehyde) LD₅₀ (oral, rat): 42 mg/kg
11.3 Acute Toxicity: See Section 4.4
11.4 Chronic Toxicity: See Section 4.5
11.5 Suspected Carcinogen: Formaldehyde is listed by OSHA: Carcinogen; NTP: Known Human Carcinogen (NTP 12th Report – June 10, 2011); IARC: Human Sufficient Evidence, Animal Sufficient Evidence, Group 1; ACGIH: A2 -Suspected Human Carcinogen; EC: Category 3; California: Carcinogen-initial date 01/01/1988.
11.6 Reproductive Toxicity: This product is not reported to produce reproductive toxicity in humans.
11.7 Irritancy of Product: See Section 4.2
11.8 Biological Exposure Indices: NE
11.9 Physician Recommendations: Treat symptomatically.

12. ECOLOGICAL INFORMATION

12.1 Environmental Stability: The components of this product will slowly degrade over time into a variety of organic compounds. Specific environmental data available for the components of this product are available, but are not presented in this Safety Data Sheet.
12.2 Effects on Plants & Animals: There are no specific data available for this product.
12.3 Effects on Aquatic Life: There are no specific data available for this product; however, very large releases of this product may be harmful or fatal to overexposed aquatic life.

13. DISPOSAL CONSIDERATIONS

13.1 Waste Disposal: Dispose of in accordance with federal, state and local regulations.
13.2 Special Considerations: NA
# 14. TRANSPORTATION INFORMATION

The basic description (ID Number, proper shipping name, hazard class & division, packing group) is shown for each mode of transportation. Additional descriptive information may be required by 49 CFR, IATA/ICAO, IMDG and the CTDGR.

# 15. REGULATORY INFORMATION

15.1 SARA Reporting Requirements: This product contains Methylene Glycol (as Formaldehyde), a substance subject to Section 313 reporting requirements.

15.2 SARA Threshold Planning Quantity: Formaldehyde: 27.7 kg (500 lbs) TPQ – SARA 302; 6804 kg (15,000 lbs) CAA -112 RQ.

15.3 TSCA Inventory Status: The components of this product are listed on the TSCA Inventory.

15.4 CERCLA Reportable Quantity (RQ): Formaldehyde: 45.4 kg (100 lbs) RQ (no RQ listed for Methylene Glycol)

15.5 Other Federal Requirements: This product complies with the appropriate sections of the Food and Drug Administration’s 21 CFR Subchapter G, (Cosmetics). 
Formaldehyde is listed as a Hazardous Air Pollutant (HAP). This material does not contain any Class 1 Ozone depletors. This material does not contain any Class 2 Ozone depletors. Formaldehyde is listed as a Hazardous Substance under the CWA. Formaldehyde is considered highly hazardous by OSHA.

15.6 Other Canadian Regulations: This product has been classified according to the hazard criteria of the Controlled Product Regulations (CPR) and the Safety Data Sheet contains all of the information required by the CPR. The components of this product are listed on the DSL/NDSL. None of the components of this product are listed on the Priorities Substances List. WHMIS E, D2B (Corrosive, Other Toxic Effects).

15.7 State Regulatory Information: Methylene Glycol (Formaldehyde) is found on the following state criteria list: California Proposition 65 (CA), Florida Toxic Substances List (FL), New Jersey Right-to-Know List (NJ), Pennsylvania Right-to-Know List (PA), and Washington Permissible Exposures List (WA).
Ethanol is found on the following state criteria lists: FL, MA, MN, NJ, PA, California Proposition 65 ((CA65) ethanol in alcoholic beverages) and WA.
No other ingredients in this product, present in a concentration of 1.0% or greater, are listed on any of the following state criteria lists: California Proposition 65 (CA), Florida Toxic Substances List (FL), Massachusetts Hazardous Substances List (MA), Michigan Critical Substances List (MI), Minnesota Hazardous Substances List (MN), New Jersey Right-to-Know List (NJ), New York Hazardous Substances List (NY), Pennsylvania Right-to-Know List (PA), Washington Permissible Exposures List (WA), Wisconsin Hazardous Substances List (WI).

**WARNING**: This product contains Methylene Glycol (as Formaldehyde), a substance known to the state of California to cause cancer. California No Significant Risk Level NOEL = 40 µg/day.

15.8 Other Requirements: **WARNING**: This product contains Methylene Glycol (as Formaldehyde), a substance known to the state of California to cause cancer. California No Significant Risk Level NOEL = 40 µg/day. For more information, go to www.P65Warnings.ca.gov.
16. OTHER INFORMATION

16.1 Other Information:
DANGER! HARMFUL IF SWALLOWED. CAUSES SKIN IRRITATION. MAY CAUSE AN ALLERGIC SKIN REACTION. CAUSES SERIOUS EYE DAMAGE. MAY CAUSE RESPIRATORY IRRITATION. SUSPECTED OF CAUSING CANCER. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Avoid breathing fume/gas/mist/vapor. Wash with soap and water thoroughly after handling. Do not eat, drink or smoke when using this product. Use only in a well-ventilated area. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Specific treatment see this container label or SDS. Immediately call a POISON CENTER or doctor/physician. Call a POISON CENTER or doctor/physician if you feel unwell. IF exposed or concerned: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Store in a well-ventilated place. Keep container tightly closed. Store locked up. For external use only. Use only as directed. KEEP OUT OF REACH OF CHILDREN.

WARNING: This product contains Methylene Glycol (listed as Formaldehyde) a chemical known to the state of California to cause cancer, birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

16.2 Terms & Definitions: See last page of this Safety Data Sheet.

16.3 Disclaimer: This Safety Data Sheet is offered pursuant to OSHA’s Hazard Communication Standard, 29 CFR §1910.1200. Other government regulations must be reviewed for applicability to this product. To the best of ShipMate’s & Brazilian Professionals, LLC’s knowledge, the information contained herein is reliable and accurate as of this date; however, accuracy, suitability or completeness is not guaranteed and no warranties of any type, either expressed or implied, are provided. The information contained herein relates only to the specific product(s). If this product(s) is combined with other materials, all component properties must be considered. Data may be changed from time to time. Be sure to consult the latest edition.

A large number of abbreviations and acronyms appear on a SDS. Some of these that are commonly used include the following:

**GENERAL INFORMATION:**
- CAS No.: Chemical Abstract Service Number
- RTECS No.: Registry of Toxic Effects of Chemical Substances Number
- EINECS No.: European Inventory of Existing Commercial Chemical Substances Number

**EXPOSURE LIMITS IN AIR:**
- ACGIH: American Conference on Governmental Industrial Hygienists
- IDLH: Immediately Dangerous to Life and Health
- OSHA: U.S. Occupational Safety and Health Administration
- PEL: Permissible Exposure Limit
- STEL: Short Term Exposure Limit
- TLV: Threshold Limit Value
- TWA: Time Weighted Average

**FIRST AID MEASURES:**
- CPR: Cardiopulmonary resuscitation - method in which a person whose heart has stopped receives manual chest compressions and breathing to circulate blood and provide oxygen to the body.

**HAZARDOUS MATERIALS IDENTIFICATION SYSTEM: HMIS**

**HEALTH, FLAMMABILITY & REACTIVITY RATINGS:**

**PHYSICAL HAZARDS**

- Consult your supervisor or SOPs for special handling directions.

**TOXICOLOGICAL INFORMATION:**
- LD₅₀: Lethal Dose (solids & liquids) which kills 50% of the exposed animals
- LC₅₀: Lethal concentration (gases) which kills 50% of the exposed animal
- ppm: Concentration expressed in parts of material per million parts
- Tₐ₅₀: Lowest dose to cause a symptom
- Tₜₕₖ: Lowest dose to cause a symptom
- Tₕₕₖₕₖ, L₅₀, Lₐₕₖ: Lowest dose (or concentration) to cause lethal or toxic effects
- IARC: International Agency for Research on Cancer
- NTP: National Toxicology Program
- RTECS: Registry of Toxic Effects of Chemical Substances
- BCF: Bioconcentration Factor
- Kₗₖₖ: Median threshold limit
- log Kₗ₆ₕₖ or log Kₐₜₖ: Coefficient of Oil/Water Distribution

**REGULATORY INFORMATION:**
- WHMIS: Canadian Workplace Hazardous Material Information System
- DOT: U.S. Department of Transportation
- TC: Transport Canada
- EPA: U.S. Environmental Protection Agency
- DSL: Canadian Domestic Substance List
- NDSL: Canadian Non-Domestic Substance List
- PSL: Canadian Priority Substances List
- TSCA: U.S. Toxic Substance Control Act
- WGK: Wassergefährdungsklassen (German Water Hazard Class)

**WORKPLACE HAZARDOUS MATERIALS IDENTIFICATION (WHMIS) SYSTEM:**
